Library E-resources:

-INFLIBNET: e-ShodhaSindhu (UGC-INFLIBNET) Consortia, VTU Consortia, HELINET. KOHA, an Integrated Library Management Software package is used for Library operations and resource sharing among the Central Library to Acharya Institutes' Libraries. ALIBNET, a network of all Libraries of Acharya Institutes has been established using KOHA "Single Instance and Multiple Libraries". Institutional Repository (IR), a digital repository of AIGS Library publications provides access/downloading publications, and other homogeneous data/reports and non-traditional reading material.

-Shodhanaga: The Virtual Learning Resource Lab and Study Carrels with 13 Computers in the networked environment provide Internet access, Digital Learning Resources and Online access to major e-Journals and e-Books on Science and Technology, Management, Health Sciences and Social Sciences available from N-LIST.

-National Digital Library: The Library & Information Centre, at the heart of the Campus, is an establishment of state-of-the-Art ICT facilities that aims to provide support and promote excellence in teaching, learning, research, and extension with an intellectually designed multiple provision of study spaces, research assistance tools, learning and instructional resources. The establishment of these user-focused facilities and services provide seamless access to learning resources, enables evaluation of scholarly information to learn and create new knowledge. The centre caters to over 2000 Students pursuing undergraduate and postgraduate courses, research scholars, and faculty and staff members. It is housed in two floors with a carpet area of 342 sq. ms. accommodating various facilities, provision to access reading and learning resources, and seating arrangements for about 160 users at any point-
