Detailed Report:

The B.Sc Orientation Program was organized by the Department of Science, Acharya Institute of Graduate Studies on 21st July 2026, to warmly welcome the first-year B.Sc students and familiarize them with the academic environment of the institution. The program aimed to help students make a smooth transition from school to college by providing essential information about the curriculum, institutional policies, academic expectations, and campus facilities.

The orientation session was presented by Prof. Ashok Kumar M, who guided the students through every aspect of the academic journey at Acharya Institute of Graduate Studies. He welcomed the students and introduced them to the Department of Science, faculties, its vision, mission, and commitment to academic excellence. He provided a detailed overview of the B.Sc programme structure, semester system, syllabus, and emphasized the importance of regular attendance, punctuality, discipline, and professional ethics.

Prof. Ashok Kumar M explained the institution's academic regulations, examination pattern, and internal assessment process, highlighting the need for consistent academic performance throughout the semester. He also briefed the students on laboratory practices, safety guidelines, and the importance of carrying record books, observation books, and laptops during practical sessions. Students were advised to follow laboratory protocols, maintain academic integrity, complete assignments on time, and adhere to the prescribed dress code and code of conduct.

A dedicated session was conducted on the Acharya ERP Portal, where Prof. Ashok Kumar M demonstrated its key features, including access to timetables, attendance records, study materials, assignments, examination updates, and other academic notifications. Students were encouraged to make effective use of the ERP portal for academic planning and communication with faculty members.

The program concluded with an interactive question-and-answer session, during which students clarified their queries related to academics, examinations, laboratory practices, and campus life. Prof. Ashok Kumar M motivated the students to actively participate in curricular, co-curricular, and extracurricular activities while maintaining discipline, integrity, and a positive attitude. The orientation program successfully prepared the students for their undergraduate journey and inspired them to pursue academic excellence with confidence and commitment.

Mr. Ashok explaining about the department to students

Outcomes:

1. Students gained a clear understanding of the B.Sc programme structure and academic regulations.
2. Students became familiar with laboratory rules, discipline, and institutional expectations.
3. Students learned to effectively use the Acharya ERP portal for academic activities and communication.
4. The orientation motivated students to pursue academic excellence with confidence, responsibility, and professionalism.

Conclusion and Audience Feedback Summary:

- The B.Sc Orientation Program 2026 successfully acquainted the students with the academic environment, institutional policies, and expectations of the Department of Science. The informative sessions conducted by Prof. Ashok Kumar M equipped students with the knowledge and confidence to begin their undergraduate journey with discipline, responsibility, and a commitment to academic excellence.
