SOFTSKILL TRAINING FOR UG & PG STUDENTS

Soft Skill Training Program: Empowering Students for a Dynamic Future

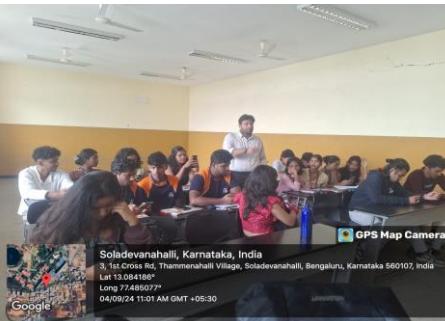

Acharya Institute of Graduate Studies organized a comprehensive Soft Skill Training Program aimed at enhancing the personal and professional development of students. Targeting undergraduate (UG) 1st, 3rd, and 5th-semester students, as well as postgraduate (PG) participants, the program witnessed active participation from over large students across all UG and PG streams.

The primary objectives of the program were to develop students' interpersonal and communication skills, foster teamwork and leadership abilities, and bridge the gap between academic knowledge and workplace expectations. Designed as a **36-hour** intensive training, the sessions provided students with a perfect balance of theoretical insights and practical applications.

For UG students, the training was conducted by Bizotic, a reputed organization specializing in skill enhancement, focusing on public speaking, teamwork, and personal grooming. For PG students, 10 Seconds delivered sessions on advanced communication, corporate etiquette, and professional behaviour tailored to industry requirements.

Themed as "Empowering Students with Essential Skills for a Dynamic Future," the program emphasized creating adaptable, confident, and collaborative individuals ready to excel in diverse professional environments. The training included interactive workshops, role-plays, and group activities, with expert feedback to help students identify and improve specific skill areas.

Key outcomes included improved confidence, enhanced communication skills, and a stronger grasp of teamwork and leadership. Students felt better prepared for interviews, presentations, and professional challenges, with overwhelmingly positive feedback highlighting the program's relevance and impact.

In conclusion, the Soft Skill Training Program was a significant success, equipping students with the essential skills to thrive in their future endeavours. Acharya Institute of Graduate Studies remains committed to fostering such initiatives that ensure holistic development and career readiness for its students.

SOFTSKILL TRAINING OVERVIEW 2024-2025

OUR TRAINING PARTNERS

SUPER 100 TRAINING PROGRAM

Super 100: Empowering Excellence through Specialized Training

The "Super 100 Students" initiative at Acharya Institute of Graduate Studies is a pioneering program aimed at identifying and nurturing talented undergraduate students across the 1st, 3rd, and 5th semesters. This year, 106 students were meticulously selected through a rigorous entrance examination, ensuring that only the best and brightest were chosen for advanced domain-specific training.

The program, organized in collaboration with **Bizotic Training and Assessment Services**, focused on bridging the gap between academic learning and industry expectations. Under the theme "**Empowering Excellence: Bridging the Gap Between Education and Employability**," students were trained on essential skills to prepare them for the competitive professional world.

The soft skills training included critical topics such as goal setting, body language, and presentation skills, alongside technical modules tailored to the students' fields of study. BBA and B.Com students received intensive training in Power BI and Excel, while BCA and B.Sc students delved into programming languages, data structures, and algorithms.

Over 36 hours of interactive sessions, the expert trainers from Bizotic provided insights into real-world challenges, preparing students to excel in their careers. With state-of-the-art facilities and a continuous evaluation process, students were not only equipped with technical knowledge but also gained confidence to face professional challenges.

Program Outcomes:

1. Enhanced employability, with students securing placements in reputed companies.
2. Improved technical, analytical, and communication skills.
3. Increased confidence in interviews and real-world problem-solving.
4. Better academic performance as a result of focused learning.

Student testimonials reflect the program's impact:

- "The Power BI and Excel sessions gave me practical skills that I now use in my projects."
- "The training boosted my confidence, especially in public speaking and interviews."

As a flagship initiative, the **Super 100** program exemplifies Acharya Institute's commitment to shaping future leaders by equipping students with industry-relevant skills and fostering academic and professional excellence.

INBOUND & OUTBOUND TRAINING PROGRAM

Empowering Minds, Building Leaders: A Comprehensive Inbound & Outbound Training Program

Acharya Institute of Graduate Studies organized a transformative Inbound & Outbound Training Program for first-semester undergraduate students, with an impressive participation of 1,135 students across various courses. Themed "Empowering Minds, Building Leaders," this initiative was designed to foster personal and professional development, enhance leadership qualities, and promote teamwork and stress management. The program was facilitated by **Team MYndKRAft**, featuring resource persons like Vinod Sreedharan, Mini Vinod, Govindraj K., Bindu Varma, Subramanya V., Amita Gopal, and others.

The **Inbound Training** segment introduced students to interpersonal, cognitive, social, and digital skills while focusing on wellness and personality grooming. The **Outbound Training** activities, conducted in an engaging outdoor setting, emphasized teamwork, creativity, and leadership through interactive games such as the **Human Bridge**, **Treasure Hunt**, **Pipeline Game**, and **Raft Making**. Students demonstrated enthusiasm and actively participated in all activities, building confidence, collaborative spirit, and problem-solving skills.

Feedback from participants reflected a high level of satisfaction, with many appreciating the program's relevance and practical approach. This successful initiative not only equipped students with essential life skills but also laid a strong foundation for their academic and professional journey. Acharya Institute remains committed to empowering students through such dynamic programs in the future.
